

To whom it may concern

Certificate of conformity to regulation and structural safety for school building.

Detail of the building for which the certificate is being issued

Name of School : Adarsh Senior Secondary School,
Siwani Mandi, Bhiwani

Certificate

I have inspected the school building for above mentioned school on dated 15-03-2022..... Structure of the school building is very good. Bricks walls are constructed with cement sand mortar. All the rooms are well ventilated and airy. Floors are constructed in simple cement concrete roofs are R.C.C.

The building is found safe and sound condition.
